

Al-Anon/Alateen Directory For Members With Special Needs

Dear Friend,

Enclosed is a list of Al-Anon and Alateen literature that is produced in large type by Al-Anon Family Groups, Inc. Other agencies that produce Al-Anon literature in Braille, cassette tapes, and CD's are also included in this directory.

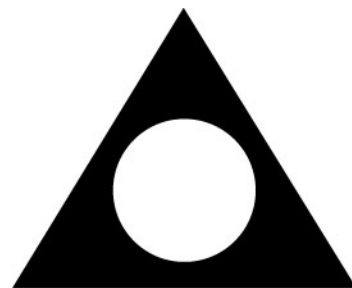

The Al-Anon World Service Office makes every attempt to inform providers that Conference Approved Literature is not to be combined with any other material. Each provider; however, has their own policies and procedures for serving the blind, deaf, and others with special needs. Listing in this directory does not endorse nor constitute approval of any agency or service provider.

Under a special provision of the US copyright law, regional and sub regional libraries are able to produce materials through the National Library Service for the Blind and Physically Handicapped. If a private agency is interested in producing Al-Anon materials in special formats, they will contact the World Service Office and request permission. When you request materials in special formats through the National Library Service, the amount of available Al-Anon/Alateen literature increases and other members with special needs will benefit from your request.

If we can be of further service, please feel free to contact us at the World Service Office:

In cooperation with a network of regional and subregional libraries, the Library of Congress provides a free library service to persons who are unable to read or use standard printed materials because of a visual or physical impairment. Books and magazines in recorded form (talking books) or in Braille are delivered to eligible readers by postage-free mail and are returned in the same manner. Specially designed record players and cassette players are also loaned free to persons borrowing talking books. Under a special provision of the US copyright law and with the permission of authors and publishers of works not covered by the provision, the National Library Service selects and produces full-length books and magazines in Braille and on recorded disc and cassette. Several of the Al-Anon publications are available.
